From the President

Acquisition of knowledge makes one confident and confidence is the key to gain success in any endeavour.

The present times have posed great difficulties in all the fields and teaching and learning is one such area which is being affected greatly.

Educational institutions are facing several challenges all over the nation. Now a teacher's duty is not just to impart knowledge but also to take care of the mental and emotional health of his/her students.

I am glad that the staff of Ankur School is fulfilling all these responsibilities in a very efficient manner. The teachers are making sincere efforts to reach out to their students to guide and support them. Educational videos are being made and online classes have been running for the last four months.

Online competitions and activities as well as webinars have made the students enthusiastic about this new method of learning.

The boons of technology were never given so much credit in the past but this fact can't be denied that technology can be our friend as well as our enemy. So, let us use all these technological devices with utmost care keeping in mind the safety and security of the young and impressionable minds. It is essential to provide guidance and counselling to the children so that they don't get addicted to their mobiles and other technical devices. The teachers and parents can collaborate with each other to solve such problems.

I wish best of luck to the Principal and the staff of the school for all such endeavours.

***Mrs. Kusum Singh
President
Management Committee
Ankur School***

Message

From the Principal

Education means bringing out the ideas of universal validity which are latent in the mind of every child. A child is a very special individual who needs a happy, secure and challenging environment in which he/she can grow. A child's natural curiosity to explore his/her world gives teachers the base in which they build learning experiences that provide a solid foundation for the years of schooling. Ankur School recognises the importance of these years of schooling. For parents, it is vital that their child receives an excellent start to schooling in a friendly and caring atmosphere. This is a challenging time of crisis, pandemic Covid-19 for all of us. Social distance is must for everyone that is why the way of interaction and providing education has changed completely. Now E-Learning becomes a requirement for both teachers and students. In response to significant demand, many online learning platforms are offering free access to their services. I am glad to share that Ankur School has technically strong and extra ordinary teachers who are giving their 100% in this challenging atmosphere of E-Learning. I believe that we can't leave our traditional methods of teaching but for the time being we are accepting the demand of current circumstances. Digital learning has many advantages in itself like digital learning has no physical boundaries, it has more learning engagement experience rather than the traditional learning. We have created our online courses in a very short time period for our students and we are providing the best Digital learning platform to them that is learning and creative thinking. We have followed the best technology and strong technical methods help students in increasing awareness of E-Learning & approaches, keeping the bright future and career plans of our students in mind. Students have enough time to complete assignments and tests they're given online. It is the best time for the students to be self-reliant and get good experience to acquire new skills. I am honoured and feel very privileged to be the Principal of Ankur School. I am always excited and look forward to working with our students, staff and parents to make our school as the best school it can be. My commitment to our community is to lead the school with enthusiasm and passion to enable us to reach our goals focusing on the all-round development of a child. Ankur School strives for the highest academic standards and reflects the values of its community. I have an open door policy and urge all the parents to take this opportunity of moving forward together. We truly have a fantastic school with a supportive and involved parent community, dedicated and highly skillful staff, excellent resources and buildings and the most remarkable students to work with.

Dr. Parminder Duggal

Creation of E-Comics- A Big Step towards Awareness

Aaditya Khaiwal, student of class IV -C of our school played an important role in creation of IEC comic series KIDS, VAAYU & CORONA. Till now four parts of comic have been released to create awareness among people how to remain safe during COVID 19.

Part 1: of Comic book, Kids, Vaayu & Corona: Who Wins the Fight , was released by Ministry of Health and Family Welfare, Government of India on 8th March 2020. This comic is prepared to create awareness among kids about importance of Social Distancing, use of face cover and hand washing to fight against corona.

Part 2: of comic book 'Kids, Vaayu & Corona: Can We Defeat Pandemic? 'was also released by Ministry of Health and Family Welfare, Government of India. This comic makes the children aware about use of Face cover, social distancing norms, PPE kits etc.and addresses concerns of children about COVID -19.

Part 3 :of comic book Kids, Vaayu & Corona: Heroes of Lockdown: : "A comic to unlock kids potential during COVID-19 pandemic" was released by Honourable Governor of Punjab and Administrator of UT Chandigarh. In this comic children were made aware about how they can utilise time during lockdown and explore their potential.

Part 4 :of comic 'KIDS, VAAYU & CORONA: COVID Appropriate Behaviour' a comic to guide normal and healthy life during COVID-19" was released by Dr. Ramesh Pokhriyal Nishank, Union Minister of Education (Earlier known as MHRD), New Delhi.

The comic motivates the kids to learn, and understand the new normal and COVID appropriate behaviour in unlocking period and also pays tribute to all Corona Warriors, who are helping to fight against COVID 19.

ONLINE TEACHING AND LEARNING

The concept of teaching and learning has undergone a tremendous change in the present times. Our school has adapted to this change in the shortest time span. The students have been getting their study material in the form of pdf files, video lectures and Power Point Presentations since the new session started. Online classes have been in progress for classes V to XII since May. The teachers are always at the beck and call of all their students in case they need any kind of help, support and guidance. Students' subject related doubts are cleared and they are also motivated by the teachers to participate in different online activities and competitions. After evaluating the outcome of online classes from class V onwards , virtual sessions have also been started for classes I to IV .

ONLINE CONFERENCE ON ENVIRONMENT PROTECTION (COEP 2020)

Many of our students participated in the Children and Young Environmentalist

Conference on Environment Protection held

on June 5, 2020. This conference was jointly organized by the Department of Environment Studies, Panjab University and Department of Community medicine and School of Public Health, PGI , Chandigarh .

The conference aimed at providing a platform to engage eminent scientists, students and children together to build a sustainable society which cares for our common future. The theme of World Environment Day i.e. ‘Celebrating Biodiversity’ was discussed during the conference . The lessons that we have learnt in the current global situation due to Covid – 19, Principal Dr Parminder Duggal was invited as the panelist.

ACTIVITIES PERFORMED BY STUDENTS

YOG DIVAS

In order to break the monotony related to 'staying at home', the students have been getting several invitations to take part in subject related webinars and competitions like Poetry Recitation, Poster Making, Rakhi Making, Best out of Waste etc. Many students have made best use of their lockdown period and have made impressive paintings and beautiful artworks under the guidance of their Art Teachers. The positivity expressed by these children is truly an inspiration not only for their peers but also for the adult generation.

The students got perfect opportunity to display their creative expressions during the online celebrations of the days like Fathers' Day, Mothers' Day, Environment Day, Kargil Vijay Diwas etc.

The pics have been selected randomly.

Kindly refer to the official website for the details of the activities.

Plantation Drive- Tree Plantation- "CHALO HARYAALI BADHAAWO"

A plantation Drive was organized in the school premises on July 27, 2020. The drive was organized by our school in collaboration with Organic Sharing and Social Substance.

The saplings of medicinal plants were planted in the school ground. MS. Rajni Bajaj, a Teacher and theatre artist, Rahul Mahajan, owner of Organic Sharing, Dr Arun Bansal of Social Substance were present on the occasion. Principal Dr Parminder Duggal along with the Heads of all the Departments were also present for the planting of saplings.

OUR CREATIVE WRITERS

शरद के रंग

चारों ओर शीतल पवन की चाकर बिछ जाती है,
सारी दुनिया ठंड से जैसे जमू दी जाती है,
जब यह शरद ऋतु आती है।

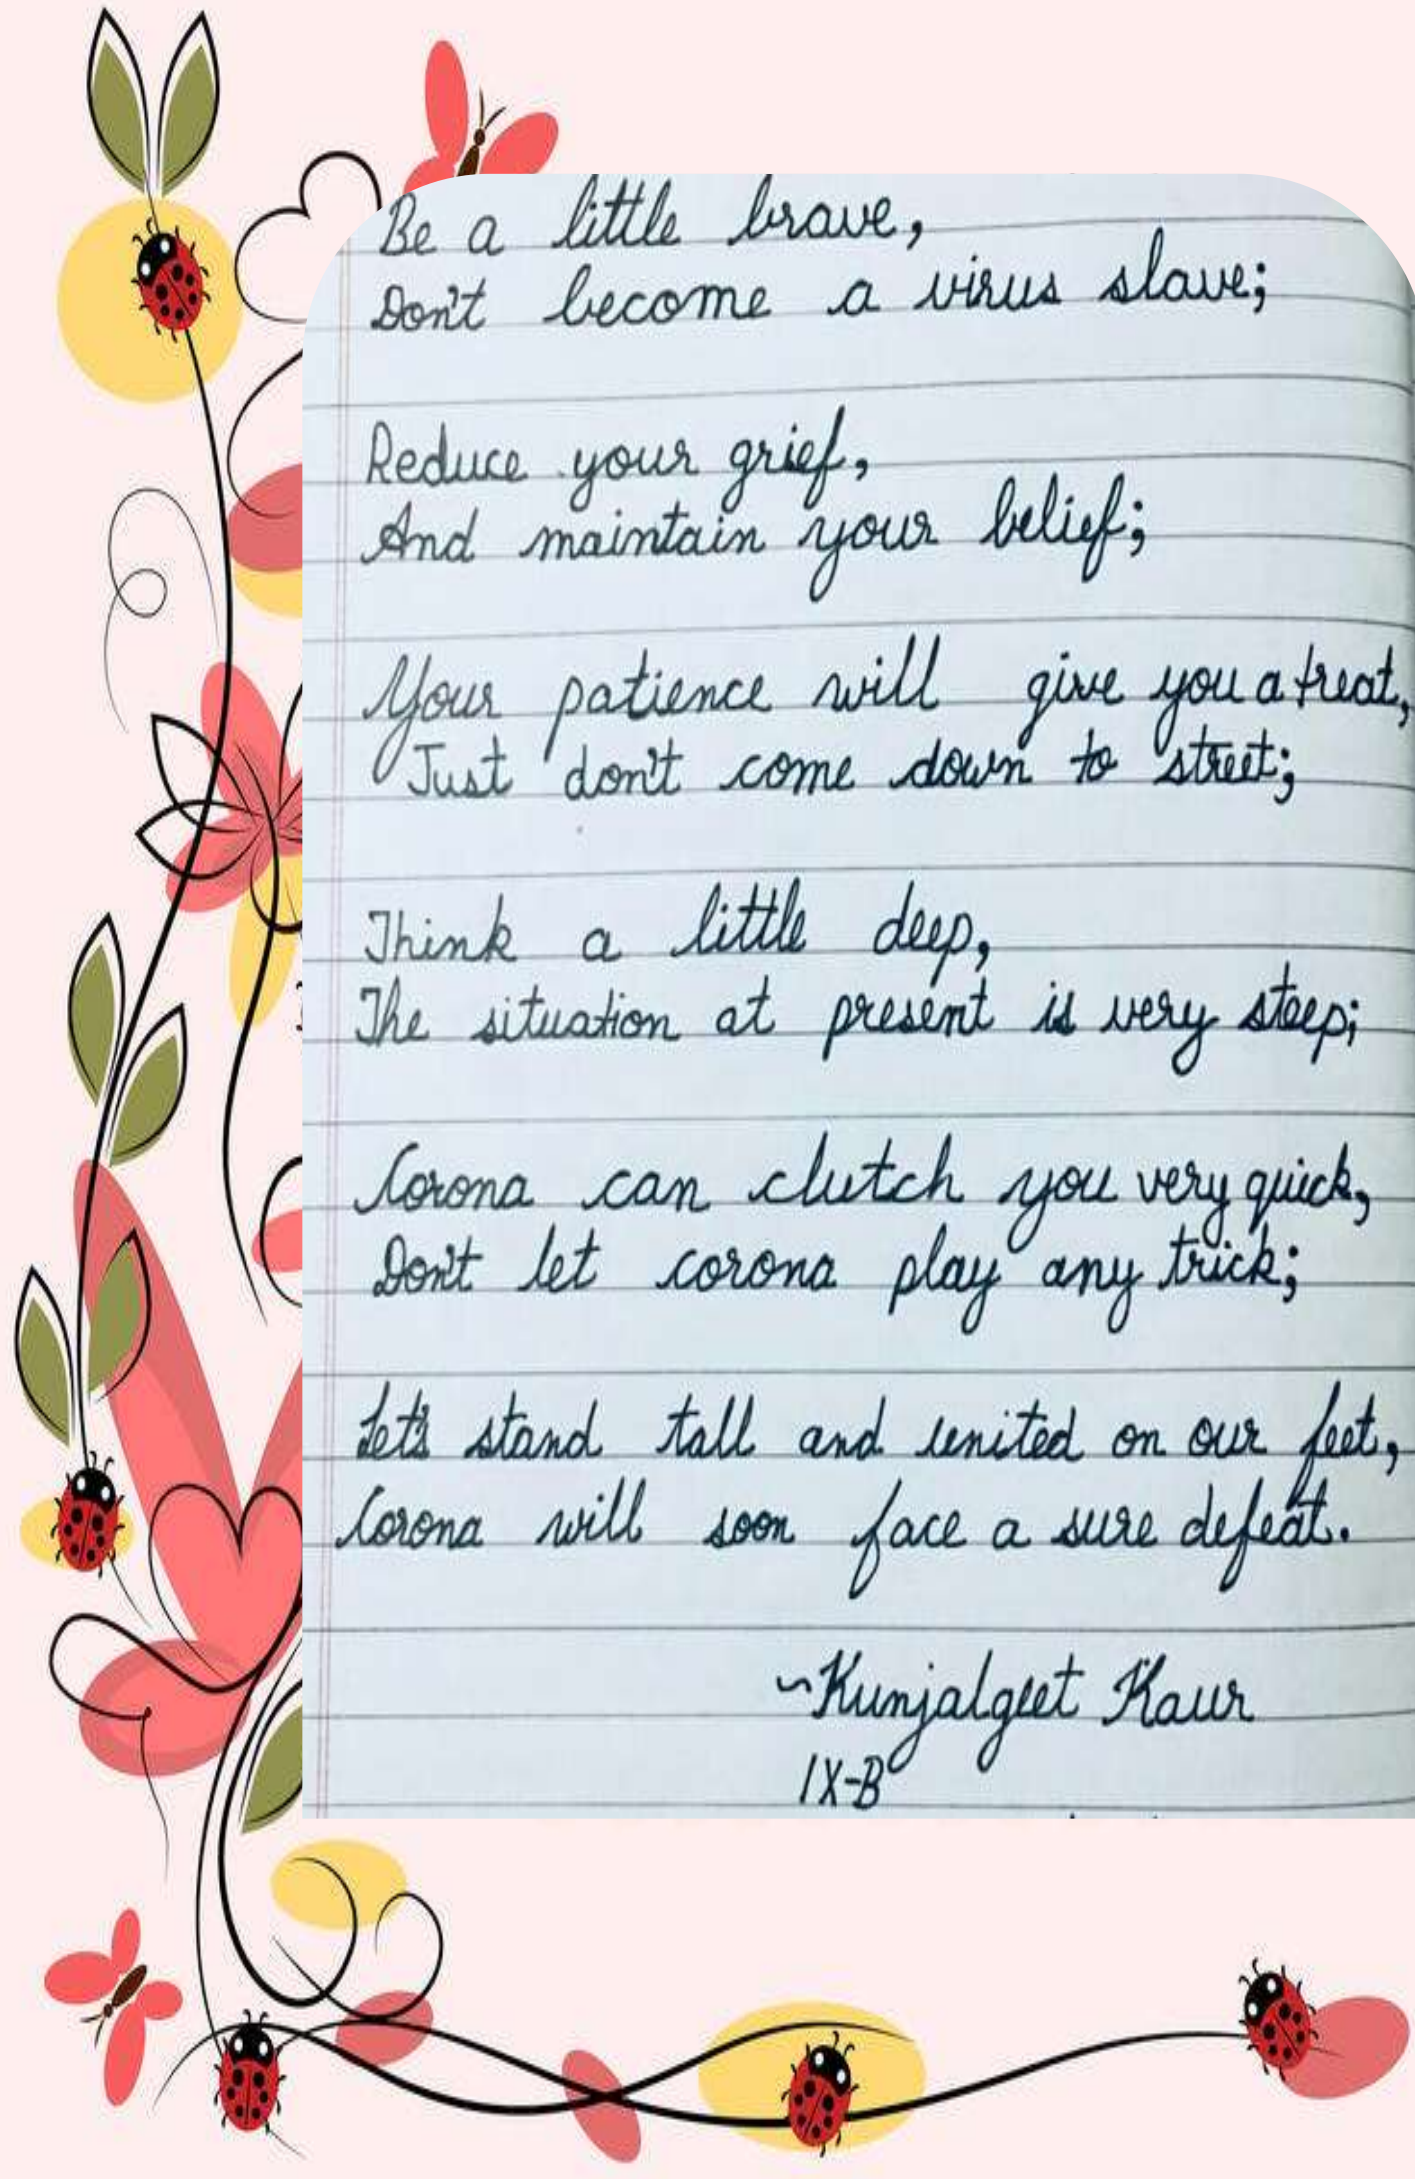

रुई जैसी बर्फ देखकर बच्चों में खुशी की लहर उठ जाती है
सभी के चेहरे पर लंबी-सी मुस्कान आ जाती है,
जब यह शरद ऋतु आती है।

हमारा ध्यान रखने की माँ सुबह जल्दी उठ जाती है,
गरमा-गरम खाना खिलाकर हमें निरोग बनाती है,
जब यह शरद ऋतु आती है।

सूरज की रोशनी जब निकल आती है,
अपनी छूप से सबके मन को मोह जाती है,
जब यह शरद ऋतु आती है।

रिश्मिका शर्मा
8th - A

Be a little brave,
Don't become a virus slave;

Reduce your grief,
And maintain your belief;

Your patience will give you a treat,
Just don't come down to street;

Think a little deep,
The situation at present is very steep;

Corona can clutch you very quick,
Don't let corona play any trick;

Let's stand tall and united on our feet,
Corona will soon face a sure defeat.

~Kunjalgreet Kaur

BRAINS OUT!

Heart is the key to mind,
But here we are in sometime.
Mind is an escape through time,
Don't worry you'll get with the
rhyme.
It shows where faith is,
But getting there requires courage.
Once you get there you brawl,
Brawl from what you escaped.
Look faith is with you!
Have the eyes to see!
Have the ears to hear!
Have the mind to believe.

Naina Singh Goyat

XI

Give the gift of sight

The gift of sight is the best gift you can give to someone as there are estimated 180 million visually-impaired people in the world while the number in India is around 7 lakhs. Some are born with defects and some lose their eyesight with age or due to defects in the eyes such as myopia, hypermetropia or night blindness.

So, how can we donate our eyes?

We can donate our eyes in eye banks, they are specialized organizations (just like blood banks).we can go to eye banks and get forms regarding eye donation. We are not able to donate our eyes still alive because we also need to see the things around us. So, special procedures are followed for the same. By using the forms available in the eye banks people can donate their eyes after their death, in the eye banks. Then in the eye banks a check up of the eyes is done and it is assured that eyes are healthy and had not suffered any defect like cataract.

Whenever I think of eye donation the thought that comes to my mind is how wonderful is that ,after our death a person can use my eyes to see the beautiful world around him . So I request all of you reading this article to donate their eyes to make someone able to see.

My Hero

**Every morning I wake up and see ..
The most handsome man reading newspaper in
front of me...
He is the one I cherish and love..
A blessing sent from heaven above.
He can be funny at times
And serious and stern , sometimes
He is so Smart nd wise
So many things from him I learn
And it's doesn't matter through my smiles and
tears
He always taught me not to have those fears.
He encourages all my hopes and dreams
He keeps me balanced not to go to extremes
Yes, I'm talking about my dad..
Sometimes happy or mad..
He isn't a hero ..
Known by the world..
But he is a hero...
For her daughter who lives in her own small
world...**

Ojasvani

माँ

माँ दुआ भी है, दवा भी है।

माँ वफ़ा भी है।

इनायत भी है, इबादत भी है।

माँ खुदा भी है।

मेरा जीवन कर्जदार तेरा है माँ।

मेरी हर सांस पर नाम तेरा है माँ।

आँखें हैं भरी, धड़कने कह रही।

तेरा ही रूप हूँ, तेरा ही रंग हूँ।

माँ शरारत भी है, शिकायत भी है।

माँ मोहब्बत भी है।

हर जन्म में मुझे प्यार तेरा मिले।

गोद तेरी मिले, साथ तेरा मिले।

माँ धरती भी है, अम्बर भी है।

माँ शक्ति भी है।

छाया अंधकार हो, मन परेशान हो।

मुश्किलें जब बढ़ें, याद माँ ही रहे।

माँ गीत भी है, गज़ल भी है।

माँ साज भी है।

माँ दुआ भी है, दवा भी है।

माँ वफ़ा भी है।

इनायत भी है, इबादत भी है।

माँ खुदा भी है।

हम पर दया अब कीजिए

भाव करुणा प्रेम का दान हमको दीजिए
हे ईश दया करके इस विपदा को हर लीजिए
सम्पूर्ण मानव जाति का अब मिट चुका अभिमान है
कल तक था व्यस्त जग सारा अब दिख रहा वीरान है
करके कृपा हम सबको आशीष में ले लीजिए
हे ईश दया करके इस विपदा को हर लीजिए
परवर्दिगार कृपाल हरि इक तेरी ही बस आस है

जन्नत में हैं, जब तक प्रभु तेरा हृदय में वास है
जिंदगी का फैसला अब हक़ में मौला दीजिए
हे ईश दया करके इस विपदा को हर लीजिए
लालच में सब कुछ भूल कर अपमान कुदरत का किया
क्या पशु क्या पंछी वृक्ष क्या करदी खत्म सब हस्तियाँ
विनती है दाता क्षमा याचना दान हमको दीजिए
हे ईश दया करके इस विपदा को हर लीजिए

इक स्वांस गगन, सम्मान धरा को, हम लोगों से न मिल पाया
कर दिया वजूद खत्म उसका जिससे हमने जीवन पाया
नमन करें तेरी रचना को स्वीकार ये वंदन कीजिए
हे ईश दया करके इस विपदा को हर लीजिए

A teacher's sorrow

*Will I ever see you
In reality?
Though I 'meet' you daily , virtually
I message you
And you reply too
But it's not enough
To satisfy
My hunger to teach
You in reality*

*When will I pat
Your shoulder
And your back ?
When will I check
Your copies in reality ?*

*I can hear your voice on the phone
And can have a video call too
But that's not enough to satisfy
My thirst to teach you
In the real classroom*

*I give you assignments and
instruct you how to do it
Sometimes you call back ,
when you have a query
I feel good when you
express your trust in me
But that's not enough to fulfil
My longing to explain
each and everything in reality*

*Oh my dear students ,
I scolded you when you made a noise
But now , without that very noise ,
my life is in chaos
Life is full of ironies*

*Perhaps that's the only reality
When will I see you
In reality ?
Though daily
I meet you virtually
A teacher's sorrow
is waiting for a better tomorrow ...*

**ARCHANA SHARMA
TGT-English**

DURING THE LOCKDOWN

*Many days of isolation,
Brings to my mind the inspiration,
Let's do something positive,
Without thinking anything negative.
So I played with my kids,
Tried to enrich their childhood,
They argued and fought on little bits
But I slowly and patiently tried to teach them the rules of adulthood.
Together we sailed through the memory lane,
Searching the old clicks ,emotions and tested our brain.
I revised and learnt some lessons of life,
Which I overlooked in dealing with strife.
Sometimes being naughtier than the children,
I heard "Grow up mom, you are a mother".
The world is facing a deeper crisis
May God help us to chase this .
The nature has shown its full bloom,
The days are enlightened and nights like a full moon.
We human beings make plan for decades ,
It's the Almighty's turn to colour it with different shades.
The streets are quiet,
The flowers are bright,
Nature trying to teach us lesson right,
Less of junk and only balanced diet.*
